## The New Faith: Integration of the Bible, "BABASHUVA," and Podcasts From Heaven:

Our new faith is based on three central principles that integrate traditional Jewish spirituality, advanced spiritual concepts, and modern guidance:

**1. The Jewish Bible:** The Bible serves as the traditional and sacred foundation of our faith. It provides inspiration and guidance, offering the instructions and values that underpin the principles of belief and action. With its divine message, the Bible offers a profound spiritual basis for understanding GOD and a way of life grounded in moral values.

**2. The Book "BABASHUVA – A New World. A New Reality":** "BABASHUVA" represents a modern facet of faith, blending biblical style with contemporary ideas. The book presents a prophetic vision for a future characterized by high spiritual consciousness and the ideology of human equality and recognition, particularly through the principle of "**Underneath We Are All The Same**". The book offers a fresh approach to addressing contemporary challenges and guiding readers towards global spiritual and social transformation, while maintaining a deep connection with Jewish tradition.

**3. Podcasts from Heaven:** Our podcast serves as an additional contemporary tool for promoting spiritual understanding and personal guidance. ### Fundamental Principles

The BABASHUVA Faith is based on ten fundamental principles that guide its spiritual and practical outlook:

1. **Uniqueness of GOD:** There is one GOD and His name is one, as stated in the verse "Hear, O Israel: The Lord our God, the Lord is one."
2. **Inability to Prove or Disprove the Existence of GOD:** The existence of GOD cannot be proven, nor can it be denied.

3. **Conflict Between Religions:** Each religion claims to be the truest, but in reality, all existing religions are mistaken in their understanding of GOD's true nature.
4. **Human Understanding:** GOD is beyond the limits of human understanding and comprehension.
5. **Limits of Human Reason:** The human mind constitutes the greatest deception due to its limitations on every possible level.
6. **Illusion of Faith:** Humans claim to have faith in GOD, but in fact, they believe in themselves and have no real connection to GOD or His commandments.
7. **Tangible Reality vs. Digital Reality:** Tangible reality is considered the truth, while digital reality is seen as falsehood.
8. **Nature of Prophecy:** Prophecy is sometimes viewed as a result of intense psychological experiences occurring in individuals with significant psychological challenges.
9. **Validity of the True Prophet's Words:** Prophet NathanOr is a true prophet, conveying GOD's words through his book BABASHUVA – A New World. A New Reality' – The Complete Book – 2024 Edition, and his podcast titled 'Podcasts From Heaven' in an authentic manner. In contrast, other rabbis are broadcasting falsehoods in His name and do not convey His words accurately or sincerely.
10. **Prophecy of NathanOr:** Prophet NathanOr is considered a true prophet, and his prophecy, revealed to him in GOD's name, addresses GOD's anger towards the world and its great sins.
